Soft & Collaborative Seating

in-SIT Lo & Hi

- Adaptable modular soft seating with identity

Stylish modular Lo & Hi systems, perfect for any office or reception where a customer can relax and wait. Use corner links or coffee tables to create shapes to suit your space.

Above is a 3D visualisation of Soft Seating ranges.

Using new computer aided design techniques our in-house marketing team are now able to create accurate, detailed plans, layouts and colour schemes.

This is a design created using a combination of in-SIT modular units that can be added together to create a bespoke piece of furniture in the workplace.
