

Tub folding tables

These are Contour folding tables with a difference. The table top is supplied with holes cut into the top into which you place the plastic tubs supplied. Into the tubs (which are also supplied with lids) you can place your Lego®, pencils, crayons, plasticine, cars and any other small objects and then drop them into the table top.

Once your activity is complete, just remove the tubs and store them away.

The lightweight table can then be folded away for storage.

- Fold flat for storage

• Supplied with tubs including lids
