

Contour folding tables

The Contour range of folding tables are the lightest and most popular style of folding tables to be found.

Constructed from aluminium with a wipe-clean laminated top, the tables fold flat for storage and are truly portable. With a bright, lightweight aluminium frame and legs and wipe clean laminate top, this range is available in an array of colours.

Contour folding tables are suitable for a multitude of uses including school dining, community halls, fund-raising and display. The table is so light, weighing from 6.75kg to 13.00kg, that it can easily be carried by one person.

- Lightweight aluminium frame
- Wipe clean surface
- Folds flat for storage
- Stacking benches to match

Contour plus folding tables

For a small additional charge, you can upgrade to a Contour plus folding table, highly recommended if you need added strength and stability from your folding table.

Available in just two heights, this range of tables is still remarkably light and ideal for retail displays, catering and a multitude of day to day uses.

The added stability is achieved by using an ingenious composite material which has a steel tube core, clad in mill-finish aluminium. This is simple but very effective and retains the traditional look of a Gopak folding table while significantly increasing stability.

- Strengthened legs
- Improved stability
- Folds flat for storage
- Stacking benches to match

Round folding tables

Featuring the simple and effective Posi-Lock folding mechanism, these robust Round tables can be folded down with ease, enabling your space to be cleared with the minimum of effort. Once folded, they are easy to manoeuvre by rolling on the sturdy aluminium edge.

The 4ft diameter table is available in a choice of laminates and six heights to suit all age groups. This size is a popular choice for school dining and pre-school activities but works equally well for meetings and social gatherings.

The 5ft diameter table is supplied in a wide choice of wipe-clean laminates in heights of 760mm and 698mm, and this is the ideal choice for catering and functions.

- Innovative folding mechanism
- Strong & durable

Premier folding tables

With an aluminium underframe and legs, smart flint grey polyurethane edge, and strong construction, the Premier table offers total flexibility in any multi-functional area, with the added advantage of folding flat for storage.

Hygienic and easy to clean, the Premier folding table has been designed to be both robust and durable with extra strong folding table legs on the higher models, while still being light in weight and easy to fold. Ideal for use in any multi-purpose area requiring a quality folding table. Great as additional learning tables in schools or for meetings.

- Polyurethane edge
- Quality finish
- Folds flat for storage
- Stacking benches to match

Ali topped folding table

Popular outdoor choice - heat and water resistant

This multi-purpose all aluminium table can be used for numerous tasks in the home, garden and for outdoor catering.

A favourite with Scouts and Guides this table is ideal for camping. Hot cooking equipment can be safely placed on the table top without causing damage. Folding flat, the table will fit in any vehicle for transportation.

As the table is all aluminium, it can be left in a damp shed without any deterioration.

- Can be left outside
- Ideal for camping
- Useful for gardening

Universal folding tables

The Universal range enables you to purchase a table that folds but has the strength and stability normally associated with a fixed leg table.

With a top construction identical to our lightweight Contour tables, the under-frame has bright zinc-plated steel legs, coupled with our ingenious Posi-lock folding mechanism. We recommend this range for semi-permanent use. If you require a table that will be folded up and down on a regular basis, please refer to our Contour range on pages 6 - 7.

- Wipe clean surface
- Strong underframe
- Folds flat for storage
